

**SACRAMENTO LOCAL AGENCY FORMATION COMMISSION**

*1112 I Street, Suite #100  
Sacramento, California 95814  
(916) 874-6458*

October 1, 2008

TO: Sacramento Local Agency Formation Commission  
FROM: Peter Brundage, Executive Officer *PB*  
RE: Elk Grove Sphere of Influence Amendment Process  
Request for Proposal Selection Process (**L AFC 04-08**)

**RECOMMENDATION:**

Receive and File Status Report

**DISCUSSION:**

This report is to update the Commission and interested parties on the LAFCo process and procedures related to the proposed Elk Grove Sphere of Influence Amendment request.

As requested by the Commission, staff met with the City of Elk Grove to review their application and to discuss issues raised by the Commission during the August 6, 2008 hearing.

Subsequently, the City of Elk Grove has requested that LAFCo delay processing the Sphere of Influence Amendment application. The City of Elk Grove has requested this delay in order to meet with the County of Sacramento on several issues related to the flood plain area located between Grantline Road and the centerline of the Cosumnes River. They anticipate that they will need approximately 60 to 90 days.

Staff has met with most of the municipal service providers and will continue to collect data and information pertinent to the Sphere of Influence Amendment application; however, based on the request from the City of Elk Grove we will not issue the Request for Proposal for the California Environmental Quality Act (CEQA) review until the City advises us to proceed.
