The proposal was heard and approved by your Commission at the regularly scheduled meeting on September 2, 2009.

On Wednesday, October 5, 2009, at 1:30 P.M. in LAFCo offices, your Executive Officer acted on behalf of the Commission to convene the Conducting Authority Hearing for the Change of Organization - Activation of a Latent Power (Thermal Energy.)

The applicant's representative was in attendance. No written or oral protest were submitted. The Conducting Authority protest proceeding was then closed.
